It's not drinking alone if your dog is home

It's Not Drinking Alone if Your Dog is Home

I came home last night, the house was real quiet
My wife was working a double again
I wished she was here, to help me kill a few beers
So I called up a couple of my friends
Not a one was home so I was left all alone
With a six pack of beer starting back at me
It's said I know, never drink alone
But I got my own philosophy

It's not drinking alone if your dog is home
Man's best friend makes a fine drinking compainion
If you're drinking with your cat well I don't know about that
A cat don't give a damn, that's called a drinking problem
It's not drinking alone if your dog is home

Come on up here boy, grab your favorite chew toy
We can tell each other all about our days
Sitting here scratching your ear and sipping on this beer
I know I'm right when I say

It's not drinking alone if your dog is home
Man's best friend makes a fine drinking compainion
If you're drinking with your cat well I don't know about that
A cat don't give a damn, that's called a drinking problem
It's not drinking alone if your dog is home

Me and that hound were sleeping so sound
When my wife finally walked back in
The TV was on and the beer was all gone
She said you've been drinking alone again

It's not drinking alone if your dog is home
Man's best friend makes a fine drinking compainion
If you're drinking with your cat well I don't know about that
A cat don't give a damn, that's called a drinking problem
It's not drinking alone if your dog is home
